Presentation

Original salmon fillets tinned for Match with the utmost care

Our tinned salmon for Match is farmed in Norway in farms where great care is taken to feed the salmon the right food to ensure healthy growth.

The "Salmo salar" is caught in the North Atlantic and tinned in Denmark for Match following a list of specifications and very strict checks.

Fish is a source of Omega 3 and protein and helps protect your body against cardiovascular diseases.

Packed in tins of drained salmon with a net weight of 125g, this product is especially easy to use. For 1 or 2 people, just open the tin and eat it as it is, cold or hot, on a bed of salad or with pasta for example.
